

FAMILY HERD

A clinic for bonding across generations
FRIDAY June 29, 6-8.30 PM

An evening where fun, connection and a little bit of magic will come forth as parent/child and grandparent/grandchild together enter the enchanted world of horses. There will be some talk, some play, some exercises (on the ground - no riding) and lots of family, herd and horse wisdom.

The aim is that you will walk away with:

- ✧ *A feeling of joy and connection to each other*
- ✧ *A new view of why horses are so magical to children and grown ups alike*
- ✧ *Some practical knowledge on how to handle horses - and maybe even other people!*
